## Who We Are

We are a team of skilled artisans who specialize in creating commercial kitchen equipment such as ovens, fryers, grills, food displays, and many more.

Our mission is to deliver reliable, Kenyan-made kitchen appliances - custom built according to each customer's unique preferences. We aim to give the 'Jua Kali' sector a newfound identity that has been developed on a foundation of precision and unparalleled attention to detail. Welcome to our world.

## Potato Peeler

### Available Sizes:

10kg capacity, 15kg capacity, 20kg capacity, 25kg capacity, 30kg capacity

### Description:

The electric potato peeler is very efficient and easy to use. You simply insert the potatoes, add some water and then switch it on. The machine gently gyrates to force the potatoes against the rough inner walls. Minimal wastage is guaranteed. This electric potato peeler is a must for any commercial kitchen because it eliminates the hustle of manually peeling potatoes.

## Electric Deep Fryer

### Available Sizes:

Single, Double

### Description:

The deep fryer is made using a high grade stainless steel. It also has a thermostat for regulating the temperature. The maximum temperature it can reach is 300 degrees Celsius. The single deep fryer has a capacity of 8 litres while the double has 16 litres (8L x 2).

## Gas Deep Fryers

**Available Sizes:**  
Single, Double

### **Description:**

The gas deep fryers are as easy to use as a standard gas cooker. You simply switch on the knob, place a spark next to the burner and that's it. The single deep fryer has a capacity of 8 litres while the double has 16 litres (8L x 2).

## Charcoal Deep Fryer

**Available Sizes:**  
Single (Round), Double

### **Description:**

As the name suggests, the charcoal deep fryers are fueled by charcoal. In addition to this, they are very easy to use and clean. The single round deep fryer has a capacity of 15 litres while the double fryer has 2 sections with 8 litres on each (16L total).

# Mandazi Deep Fryer

## Available Sizes:

20 litre, 30 litre, 40 litre, Custom Size

## Description:

This electric fryer is uniquely designed for mandazis. It has a large bowl that enables you to produce at a high rate, keeping up with your customers' demand. Furthermore, the fryer is very easy to use and clean. The cooking temperature can easily be regulated using the thermostat fixed on it.

# Charcoal Oven

## Available Sizes:

2ft by 2ft, 2.5ft by 2.5ft, 3ft by 2.5ft, 3.5ft by 4ft, Custom Size

## Description:

Whether you want to bake some delicious pastries, or to grill some juicy 'kuku choma,' we have got you covered. The oven's functional design means it can be used as a conventional meat grill or a pizza oven. A layer of fibre is added in between the walls to prevent the body from getting too hot.

## Chips Cutter

### Available Sizes:

Standard (Slices potatoes into 2mm wedges)

### Description:

The chips cutter is very strong and designed to cut through your potatoes effortlessly. The blades are sharp to ensure that slicing an entire potato requires just one simple movement.

## Electric Multipurpose Oven

### Available Sizes:

Custom Size

### Description:

This multipurpose electric oven can be custom built using your preferred specifications and requirements. The standard oven comes with an electric deep fryer, four gas burners and an electric baking oven.

## Shawarma Machine

### Available Sizes:

2 Burner, 3 Burner, 4 Burner

### Description:

The multi-burner, stainless steel shawarma machine can be customized to use either gas or electricity. Like with all our products, it has been manufactured with extremely high quality standards.

## Bain Marie

### Available Sizes:

3 insert, 4 insert, 5 insert, 7 insert, 8 insert, Custom Size

### Description:

The bain maries are either made using stainless steel or galvanized steel, whichever you prefer. Stainless steel is more durable and aesthetically pleasing, while galvanized steel is cheaper however less durable. The bain maries have a water compartment which gets heated up when the machine is switched on, and the heat transferred to your food. A glass display can also be optionally added.

## Meat Display

### Available Sizes:

4ft by 2.5ft, 5ft by 3ft, 6ft by 3.5, 7ft by 3.5ft, Custom Size

### Description:

The refrigerated meat display machines are made using a stainless steel body, an appealing curved glass display and a powerful refrigeration system. Your meat is guaranteed to remain fresh for a long time.

## Electric Food Display

### Available Sizes:

1 insert, 2 insert, 3 insert, 4 insert, Custom Size

### Description:

The electric food warmers are made out of durable stainless steel and glass. You can effectively attract customers by presenting the food through glass display. Additionally, you can easily slide open the glass doors on the other side to serve. The thermostat enables you to automatically regulate the temperature.

## Energy Saving Jiko

### Available Sizes:

20 litre – 400 litre

### Description:

The energy saving jiko wastes very little energy due to its design, thereby requiring minimal charcoal. It is perfect for slow cooking foods such as beans and beef.

## Stainless Steel Work Table

### Available Sizes:

3ft by 1.5ft, 4ft by 2ft, 5ft by 2ft, 6ft by 2.5ft, 7ft by 3ft, Custom Size

### Description:

The stainless steel work tables are made using a durable grade 304, 2mm, stainless steel. Each table is custom made according to your preferred dimensions.

## Stainless Steel Kitchen Sink

### Available Sizes:

3ft by 1.5ft, 4ft by 2ft, 5ft by 2ft, 6ft by 2.5ft, 7ft by 3ft, Custom Size

### Description:

The stainless steel kitchen sinks are made using a durable grade 304, 2mm, stainless steel. Each sink is custom made according to your preferred dimensions.

## Serving Trolley

### Available Sizes:

3ft by 1.5ft, 4ft by 2ft, Custom Size

### Description:

The serving trolleys are made using grade 304 stainless steel, fitted with 3" rubber wheels. The trolleys can either have 2 shelves or 3, whichever you prefer.

## Exhaust Hood

### Available Sizes:

3ft by 1.5ft, 4ft by 2ft, 5ft by 2.5ft, 6ft by 3ft, 7ft by 3ft, 8ft by 3.5ft, 9ft by 3.5ft, Custom

### Description:

The exhaust hoods can either be made using grade 201, 1.5mm, stainless steel, or galvanized steel. Both materials are food grade, however stainless steel is much stronger. We can also optionally add an exhaust fan to help direct the airborne grease, combustion products, fumes, smoke, odors, heat, and steam into the filtration system more efficiently.

## Gas Cooker

### Available Sizes:

2 burner, 3 burner, 4 burner, 5 burner, 6 burner, 7 burner, 8 burner, Custom Size

### Description:

The gas cookers can either be made using low pressure or high pressure burners. The low pressure burners are suitable for indoor kitchens while high pressure would be most suitable for windy outdoor cooking. We can also optionally add a stainless steel body around the frame to give the cooker a more aesthetic look.

## Chicken Rotisserie

### Available Sizes:

6 birds, 12 birds, 24 birds, Custom Size

### Description:

The rotisserie is made using high quality, grade 201, stainless steel. Its design contains and circulates the heat evenly as the skewer slowly rotates. It is very easy to operate and clean. You can control the cooking temperature using a dedicated thermostat.

## Stainless Steel Tea Urn

### Available Sizes:

20 litres – 400 litres

### Description:

The tea urns are made using grade 304, 1.5mm, stainless steel, ensuring that your tea is always well kept, hygienically, with minimal heat loss. A layer of fiber is added in between the stainless steel walls to prevent the body from getting too hot. Dispensing the tea is made easy with 2 taps (either on the same side or both sides).

## Tandoori Oven

### Available Sizes:

Standard (24 inches diameter), Custom Size

### Description:

Our tandoori ovens are extremely durable and efficient. They are made with high quality clay on the inside and a stainless/galvanized steel body.

## Sugarcane Machine

### Available Sizes:

Manual, Electric-Manual

### Description:

The manual machine can easily be operated by hand and the electric-manual can be operated by hand or electricity. This means you can run your business from a stationed kiosk, a mobile food truck, a cart, or even a wheelbarrow!

## Griddle

### Available Sizes:

2ft by 2ft, 3ft by 1.5ft, 4ft by 2ft, Custom Size

### Description:

A griddle is a cooking device consisting of a broad flat iron plate heated by gas. It can be used to cook eggs, hamburgers, sausages, chicken, etc. The metal plate is made using 8mm heavy duty iron. Due to its thickness, it has the ability to retain heat for a long time, thus allowing you to occasionally switch off the gas while the food is cooking.

## Baking Tins

### Available Sizes:

Cupcake trays (8 pc, 12pc, 16 pc, 24pc, 32pc), bread tins (200g, 400g, 600g) cake tins (500g, 1kg, 1.5kg, 2kg, 3kg)

### Description:

The baking tins are made using either zinc or aluminum. The shapes available for the cake tins include round, square, rectangular, heart, petal and hexagon.
